Why do you like being homeschooled? I get to learn whatever I am interested in, I get to see my friends all the time. We go to lots of different and fun places during the week. I love spending time with my mum and my little sister. I am worried about the proposed changes, I am worried learning won't be as fun or interesting any more. I am also worried if someone says I can't homeschool anymore because they don't think it's in my best interest. They don't know me. I know it is in my best interest.
