To the Education, Employment, Training and Skills Committee,

I am writing to object to the Education (General Provisions) and Other Legislation Bill 2024 in the current form. I have specific concerns with the implications of Clauses 18, 64 & 68 and I am in support of the Free2homeschool Movement.

This bill will have a direct impact on a parent's freedom to choose the education they feel is suitable for their child. This proposal contradicts a parent's right to educate their children in a way they deem suitable, taking their child's specific needs into account which is not considered in traditional mainstream school.

Kind regards,
Samantha Pitt
