To Whom It May Concern,

My name is [redacted] and I am in grade three and I'm eight years old. I don't like how homeschool might change because I love the spare time I have to hang out with my friends. I have learnt so much while homeschooling. A few things I have loved are using power tools to make a tool box and I like hanging out with family and friends. My Granddad is teaching me Greek and my dad teaches me how to solve math problems.

Please leave homeschool alone. It works for us and my family knows me best. Thanks [redacted]
