Dear Committee Members,

I have been homeschooling for five years now. I enjoy homeschooling because:

- I get to spend time with my brother and sister and our animals.
- I have time to enjoy my hobbies.
- I am able to learn lots of different things.

I think that my parents should be in charge of deciding what is in my best interests. Well, they are my parents after all!

If the Australian Curriculum is made compulsory, I would not have time to pursue my other interests such as horse riding, acrobatics, arts and crafts, cooking with my mother and spending time with my brother and sister. This is why I do not wish for these changes to go forward.

Thank you for your attention and consideration. I look forward to your response on this important issue.

Sincerely,
