## 2021 ESTIMATES PRE-HEARING

### QUESTION ON NOTICE

#### No. 1

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 4 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to promoting long term growth to the tourism industry, will the Minister provide an update on the Year of Indigenous Tourism?

**ANSWER:**

On 19 July 2020, the Honourable Anastacia Palaszczuk MP, Premier and Minister for Trade, extended the Year of Indigenous Tourism to 2021 due to the impacts of COVID-19. The Palaszczuk Government is investing \$10 million over two years for Indigenous tourism development and growth as part of the Year of Indigenous Tourism.

Aboriginal and Torres Strait Islander tourism experiences are an iconic part of Queensland's tourism sector and a strong economic driver, as the sector supported \$505 million in visitor expenditure and employed nearly 2500 people on a full-time basis before the COVID-19 pandemic.

Key initiatives of the Year of Indigenous Tourism include:

- \$7 million Growing Indigenous Tourism in Queensland Fund
- *Our Country* Tourism Business Development Service
- Advance Queensland One Business program, for Indigenous business innovators and entrepreneurs
- Indigenous experience, marketing, festivals and events
- The scoping of the potential to establish a peak Indigenous tourism body.

Under the Growing Indigenous Tourism in Queensland Fund, 24 businesses received funding of up to \$25 000 to develop business concepts and feasibility studies for new growth of Indigenous tourism product or experiences, while nine businesses received funding of up to \$1 million to deliver a new tourism attraction, experience or built infrastructure.

The *Our Country* Indigenous Tourism Development Service assists Indigenous tourism operators to identify services and sources of funding to grow the Indigenous tourism industry.

Since the commencement of the Year of Indigenous Tourism, the *Our Country* Indigenous Tourism Development service has connected with over 150 Indigenous tourism businesses. This includes dozens of emerging businesses and 10 fully established accredited Best of Queensland Indigenous-owned tourism enterprises across Queensland. The emerging Indigenous tourism experiences are broad, with arts, cultural heritage, educational and eco-tourism products leading the way.

The Advance Queensland One Business program has trained Aboriginal and Torres Strait Islander peoples as trainers, with these trainers having already delivered 18 online webinars and started face-to-face services in Townsville. 122 participants have registered to participate across different locations.

The Tourism and Events Queensland Year of Indigenous Tourism Festivals and Events Fund is investing \$200 000 to provide strategic support for existing Queensland events and festivals that showcase Aboriginal and Torres Strait Islander cultures in 2021.

Tourism and Events Queensland's \$300 000 Year of Indigenous Tourism Destination Support Program provides funding to 12 Regional Tourism Organisations to deliver experience development projects that grow the number of Indigenous tourism experiences and events in their destination. This includes projects like Brisbane's Relationship Building Program launched recently and the Yuwi Aboriginal Cultural Tourism Experience Tour with Mackay Tourism Limited in July 2021.

The Year of Indigenous Tourism program is being delivered in partnership with Tourism and Events Queensland, the Queensland Tourism Industry Council, TAFE Queensland and Tourism Tropical North Queensland, as well as other key partners.

#### **QUESTION ON NOTICE**

##### **No. 2**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 5 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to driving economic growth and job creation through innovation, will the Minister provide an update on the Agtech Hub?

**ANSWER:**

Through Advance Queensland, the Palaszczuk Government is supporting a new, multi-million-dollar Agtech and Logistics Hub in Toowoomba.

Following a competitive tender process, Agrifood Connect Limited was awarded the contract to establish and operate the Hub under a three-year pilot period, with the Hub officially launched in May 2021.

A consortium has been established, led by Agrifood Connect Limited, to deliver the objectives of the Hub. Foundation partners include FKG Group, the University of Queensland, the University of Southern Queensland and Toowoomba and Surat Basin Enterprises.

The Hub brings together industry, startups, small and medium enterprises, agribusinesses, training providers and supply chains including manufacturers and investors with the aim to drive productivity and the commercialisation of technology; create jobs; and stimulate the economy in the Darling Downs and more broadly across Queensland's regions.

The Agtech and Logistics Hub is a world-class initiative designed to tackle agriculture's biggest challenges, develop cutting edge technology and products, and ensure our agribusinesses and workforce are skilled and productive, now and into the future.

A Hub Manager and Community Manager have now commenced work and at least nine companies have already moved into the Hub, with a schedule of industry events and activities underway.

##### No. 3

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 6 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to promoting healthier, more active lifestyles, through supporting and encouraging participation in sports and recreation, will the Minister provide an update on the Activate! Queensland Strategy?

**ANSWER:**

*Activate! Queensland 2019–2029 (Activate!)* was launched in July 2019 to enrich the Queensland way of life through physical activity.

During the 2020/2021 financial year, continuing delivery of initiatives under *Activate!* included:

- continuing to roll out sport and recreation infrastructure projects worth nearly \$28 million which were approved in 2019/20 under *Active Communities Infrastructure Kickstart* and *Active Communities Infrastructure Round 1*, including two community use of schools projects.
- Continuing the delivery of a \$40 million investment in Queensland Active Precincts capital projects to inspire physical activity with places and spaces that invite an active lifestyle
- more than 54 700 *FairPlay vouchers* totalling more than \$8.1 million redeemed to support children and young people who require the most support to be active
- \$10.8 million provided under the *Active Industry Fund* to state level sport and active recreation organisations and industry peak bodies to secure the future of community physical activity including to support return to play through COVID-19
- working with industry peak bodies, including QSport, Outdoors Queensland, Fitness Australia and the Queensland Aquatic Alliance, to develop some of the first Industry COVID-Safe Plans
- releasing the *COVID Safe Guide for Professional and Elite Sport*, helping organisations demonstrate how they will protect the health and wellbeing of the Queensland community when coordinating events or competitions.

- continued support for Queensland athletes' preparations for the 2020 Summer Olympic Games being held in Tokyo in 2021
- in partnership with Health and Wellbeing Queensland, the department has invested \$4.18 million across 39 projects under the *ActiveKIT* (Knowledge, Innovation and Technology) program to support innovative solutions to enable more Queenslanders to be physically active more often, and to strengthen the capability of organisations in the Active Industry.

The Department of Tourism, Innovation and Sport (DTIS) will continue to deliver on its *Activate!* initiatives throughout the remainder of 2021 and into 2022, as well as continuing to work with, and support, the sport and active recreation industry and professional sporting organisations to deliver activities throughout Queensland.

In the second half of 2021, DTIS will lead the development of the second three-year action plan under *Activate! Queensland*, with an anticipated launch in mid-2022.

#### QUESTION ON NOTICE

##### No. 4

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 4 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to promoting long term growth to the tourism industry, will the Minister provide an update on the Queensland Destination Events Program?

**ANSWER:**

The Queensland Destination Events Program (QDEP), administered by Tourism and Events Queensland (TEQ), is designed to create a growth pathway for events across Queensland that play an important role in attracting visitors to the region and promoting the host destination.

The program delivers on TEQ's remit to deliver value in terms of attracting visitors and economic benefit and the profiling of destinations through event investment for all Queenslanders.

Since 2015, TEQ has invested more than \$13.2 million in 431 events across the state through QDEP.

Included in this is the latest round of Queensland events, where 21 successful applicants will share in \$364 500 as part of Round 18 of the program.

Round 18 supported events will take place from September 2021 to September 2022 across nine Queensland destinations.

The Palaszczuk Government will continue to support regional events across Queensland through QDEP with Round 19 currently under assessment and will support events between January 2022 and January 2023. Applications for Round 20, for events to be staged from May 2022 to May 2023, opened on 7 July 2021 and will close 6 October 2021.

Events supported under the program also form part of the state's world-class *It's Live! in Queensland* events calendar.

A full list of the successful Round 18 events can be found at **Attachment 1**.

**Attachment 1**

## **ECONOMICS AND GOVERNANCE COMMITTEE**

### **2021 ESTIMATES PRE-HEARING**

#### **QUESTION ON NOTICE**

##### **No. 5**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 14 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to TEQ's vision to 'inspire the world to experience the best address on Earth', will the Minister provide an update on the Good to Go campaign?

**ANSWER:**

Tourism and Events Queensland (TEQ) led the delivery of the Palaszczuk Government's Good to Go campaign that encouraged domestic travellers to visit Queensland – and it's been a huge success.

To date, the campaign has assisted in injecting more than \$7 billion into the Queensland economy and has driven 42 million visitor nights.

One year on from its launch in June 2020, Good to Go has grown from a targeted intrastate campaign to now be active in key Australian markets and New Zealand, driving ongoing visitation to Queensland.

The Palaszczuk Government has invested \$15.875 million on the Good to Go campaign, with \$4 million of this funding provided directly to the Regional Tourism Organisations to extend the Good to Go messaging across their destinations.

As at 30 June 2021, on social media the campaign has had more than 278 336 149 impressions and 1 188 029 link clicks with engagement exceeding 27 million.

The new Queensland.com website was also launched at the same time as the Good to Go campaign and in just over a year has recorded eight million unique visitors and generated more than 1 000 000 leads to the Queensland tourism industry.

The campaign launched in June 2020 with a target to achieve an estimated \$1 billion in overnight visitor expenditure and nine million visitor nights between June and September 2020. Due to its success, the campaign was extended across a number of phases to June 2021.

TEQ continues to monitor and adjust marketing activity with sensitivity to the COVID-19 pandemic.

## ECONOMICS AND GOVERNANCE COMMITTEE

### 2021 ESTIMATES PRE-HEARING

#### QUESTION ON NOTICE

No. 6

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 6 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to promoting healthier, more active lifestyles, through supporting and encouraging participation in sports and recreation, will the Minister provide an update on women's participation in sport in Queensland?

**ANSWER:**

The Palaszczuk Government recognises the importance of female participation in sport and active recreation and provides targeted support where possible to ensure women and girls have increased opportunities to participate.

Targeted support has been provided through the development of Brighton Homes Arena in Springfield, where the Palaszczuk Government contributed \$18 million towards the construction of a home for the 2021 AFLW Premiers, the Brisbane Lions. AFL Queensland reported an exponential growth in female participation with 42 per cent (114 642) of total participants reported as female. This shows just how important this development will become once completed.

The Palaszczuk Government has also recently committed \$15 million in funding towards the Ballymore Stadium redevelopment, which will become the headquarters of women's rugby in Australia. Since 2014, female participation in rugby union has increased by 69 per cent, and having a dedicated headquarters is an important step towards further encouraging women and girls participation.

Through *Activate! Queensland 2019-2029*, the Department of Tourism, Innovation and Sport (DTIS) is working to encourage more women and girls to take part in regular physical activity. Initiatives under the *Activate! Queensland 2019–2029* support equal opportunity, and improving the experience for women and girls participation.

An important step towards increasing and encouraging women's participation is increasing women's inclusion in all levels of industry. *Activate! Queensland 2019–2029* has a set target of 100 per cent of funded organisations achieving gender equity by 2029 to enhance women's leadership in sport across all levels of activity.

DTIS continues to work with the sport and active recreation industry to facilitate change to achieve equity in leadership positions and equal pay and prize money for professional athletes.

As well as working with industry to create change, DTIS provides funding where possible to support, encourage and increase women and girls participation.

In the 2020-21 financial year, under the FairPlay program, 21 967 vouchers, or 39 per cent of overall redemptions, were redeemed by participants identifying as female for a total investment of \$3 247 665.

ActiveKIT, a new initiative under *Activate! Queensland 2019–2029*, is supporting innovative solutions within the active industry to increase physical activity opportunities for target cohorts and contribute to the Industry's capability and resilience.

Projects that supported women and girls of all age groups was one of the key target cohorts identified by the department under ActiveKit Round 1.

Under ActiveKit Round 1, five approved projects will receive a total of \$483 965 in funding specifically targeted for women and girls, with additional approved projects providing further opportunities for women and girls participation.

DTIS is also continuing the delivery of \$6.4 million in funding across the 2021-22 financial year for female friendly projects approved under the Active Community Infrastructure program.

Work is currently underway to develop the second Action Plan under *Activate! Queensland 2019–2029*. DTIS will continue to work towards the goal of improving the experience of women and girls in sport and active recreation and increase participation.

From an elite sport perspective, 56 per cent of the Queensland athletes selected for the Australian Olympic team to compete at the Tokyo Games are women. This demonstrates the strong participation outcomes that are being achieved at the elite level of women's sport in Queensland.

The number of female athletes on the Olympic team is a great vehicle to promote the benefits of sport participation for women, not just from a health and wellbeing aspect, but also as leaders and role models in the community. This is further bolstered by the announcement on 7 June 2021 that Queensland swimmer Cate Campbell has been chosen as Australia's flagbearer for the opening ceremony in Tokyo.

These achievements are an example of the successful delivery of support for women's sport and can act as an inspiration to encourage women and girls to be more active, healthy and ambitious.

#### **QUESTION ON NOTICE**

**No. 7**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 6 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to promoting healthier, more active lifestyles, through supporting and encouraging participation in sports and recreation, will the Minister provide an update on the FairPlay program uptake?

**ANSWER:**

The FairPlay program provides vouchers of up to \$150 to help pay membership, registration or participation fees for children and young people from low-income families.

FairPlay provides financial subsidies to address barriers for children and young people who need the most support to access physical activity opportunities.

Four rounds of FairPlay have been released with over 95 000 vouchers redeemed across the four rounds. Round 5 of FairPlay is scheduled to open on 21 July 2021.

Following the postponement and cancellation of community sport as a result of COVID-19, Round 2 FairPlay vouchers (issued from January to March 2020) were not redeemed or, if redeemed, may not have had any service provided for the value of the vouchers. As such, the expiration date on Round 2 vouchers was extended.

\$11 million was allocated for FairPlay vouchers in 2020/21 under the \$51.3 million Sport and Recreation COVID SAFE Restart Plan to support up to 73 000 young Queenslanders to participate in local sport and active recreation.

In 2020/21 54 700 vouchers at a value of over \$8.1 million have been redeemed indicating a strong return to junior sport following the easing of COVID restrictions.

## **ECONOMICS AND GOVERNANCE COMMITTEE**

### **2021 ESTIMATES PRE-HEARING**

#### **QUESTION ON NOTICE**

**No. 8**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 5 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to driving economic growth and job creation through innovation, will the Minister provide an update on Ignite Ideas?

**ANSWER:**

The Advance Queensland Ignite Ideas Fund supports Queensland based small to medium businesses to commercialise innovative products and services to enable them to grow and compete in global markets and create new jobs.

Since its launch in 2016, the Ignite Ideas Fund has committed close to \$44.6 million to support more than 360 Queensland businesses, supporting over 5600 jobs.

The program has supported businesses from a diverse range of sectors including tourism, agriculture, advanced manufacturing, robotics and artificial intelligence, engineering, renewable energy, information technology, virtual reality, mining and construction.

Applications to Round 8 of the program opened on 1 July 2021 with expressions of interest closing on 22 July 2021.

The Ignite Ideas Fund has a solid track record of job creation with each supported business on average establishing 3.5 jobs during the project and forecasting a further 2.6 jobs once the project is completed.

Over one third of Ignite Ideas Fund recipients in Rounds 1 to 4 are already reporting the creation of jobs above those initially forecast. The payoff from investing in innovation is huge as is demonstrated by some of Queensland's very successful small to medium businesses that received early stage funding support from the Ignite Ideas Fund.

Businesses such as Go1 Pty Ltd, Ellume Pty Ltd and Fusion Sports Pty Ltd which are now performing well on the global stage, were all supported via the Ignite Ideas Fund.

## **ECONOMICS AND GOVERNANCE COMMITTEE**

### **2021 ESTIMATES PRE-HEARING**

#### **QUESTION ON NOTICE**

**No. 9**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to page 4 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to promoting long term growth to the tourism industry, will the Minister provide an update on the Tourism Infrastructure Grants Program?

**ANSWER:**

The Palaszczuk Government has a long term strategy to grow the tourism industry by facilitating a strategic whole-of-government approach to planning and investment in Queensland's tourism infrastructure, products and experiences.

Since 2018, this Government has successfully delivered several tourism infrastructure investment initiatives to respond to the changing needs of consumers, growing future demand and to mitigate the impacts of COVID-19.

In 2020, the Palaszczuk Government allocated \$25 million to re-establish the Growing Tourism Infrastructure Fund to accelerate the state's recovery from COVID-19. Twenty-two infrastructure projects are being funded right across Queensland, with three projects already completed and all remaining projects on track for completion by June 2022.

Completed Growing Tourism Infrastructure 2020 projects include:

- Undara Experience in Tropical North Queensland - the construction of 18 new additional air-conditioned, en-suite accommodation units to support the Undara Lava Tubes, which was officially opened in May 2021.
- BIG4 Sandstone Point Holiday Resort near Bribie Island – the construction of 12 Studio villas at Sandstone Point Holiday Resort, which opened in December 2020.
- Tree Top Challenge Sunshine Coast – the development of a new world class adventure park, specifically for 3-9 year olds, which opened in May 2021.

Another 15 projects are on track for completion by the end of 2021, which include three projects in the Greater Brisbane area, three in Tropical North Queensland, two projects in the Bundaberg region, one project in the Capricorn region, two projects in the Gold Coast, one in Mackay, one in the Outback, one in Townsville and one on the Sunshine Coast.

Another four projects in the Brisbane, Southern Queensland Country, Townsville and Sunshine Coast regions will be completed by June 2022.

The 2020 Growing Tourism Infrastructure program followed the very successful \$36 million Growing Tourism Infrastructure 2018 program, which funded 18 infrastructure projects. Eight projects have been completed so far, with most remaining projects on track for completion by December 2021. The completed projects include:

- A light and sound show at the Qantas Founders Museum in Longreach
- new experiences at the Australian Age of Dinosaurs in Winton
- Cruise Whitsundays' new Reefworld pontoon in the Whitsundays
- Yelarbon silo artwork project
- Green Mountains camp ground revitalisation
- Construction of two eco bush camps as part of the scenic rim trail
- An Experiences Brisbane Tourism Innovation Hub, and
- Construction of Lake Gkula at Woodfordia.

The Growing Tourism Infrastructure 2018 and Growing Tourism Infrastructure 2020 programs are part of a suite of tourism infrastructure programs implemented by the Palaszczuk Government that will develop tourism experiences and infrastructure to drive demand and grow visitor expenditure into the future.

## ECONOMICS AND GOVERNANCE COMMITTEE

### 2021 ESTIMATES PRE-HEARING

#### QUESTION ON NOTICE

No. 10

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

QUESTION:

With reference to page 4 of the Department of Tourism, Innovation and Sport Service Delivery Statements, and the reference to promoting long term growth to the tourism industry, will the Minister provide an update on the support provided to the tourism industry in the Whitsunday region since the onset of the pandemic?

ANSWER:

Since the onset of COVID-19, the Palaszczuk Government has committed over \$19 million in support and recovery funding specially targeted for the tourism and events sector in the Whitsundays Region.

Key areas of support and recovery include:

#### **International Tourism Adaptation Grant**

- 14 businesses received grant funding to the sum of \$135 835, directly supporting businesses to pivot their product, service and/or marketing to a domestic tourism market.

#### **Small Business Adaption Grant**

- 223 tourism related business received the Small Business Adaption Grant to the sum of \$2.013 million, to adapt and sustain their operations, and build resilience.

#### **Job Support Loans**

- 37 tourism related businesses received Job Support Loans to the sum of \$4.038 million, supporting 194 jobs.

#### **COVID-19 Marine Tourism Rebate**

- 87 marine tourism businesses received a marine tourism rebate to the sum of \$1.192 million to assist by offsetting the cost of privately owned marina berthing fees paid in 2020/21.

#### **State Land Waiver**

- Over \$1 million in State land rent waived for Queensland tourism businesses including resorts, hospitality providers and attractions impacted by COVID-19.

### **\$15 million Aviation Support**

- Under the \$15 million Aviation Route Recovery Fund, Whitsunday Coast and Hamilton Island Airports received funding to directly negotiate with airlines to secure aviation routes from intrastate, interstate and other key markets. Direct flights on four routes were supported, including the Virgin Australia Brisbane to Hamilton Island, Alliance Airlines Brisbane to Whitsunday Coast, Virgin Australia Sydney to Whitsunday Coast, and Jetstar Melbourne to Whitsunday Coast services. Collectively, these services are estimated to support 82 jobs and generate over \$10 million in overnight visitor expenditure.
- In addition to the direct funding support to the Whitsunday region's two airports, a further \$200 000 was provided to Tourism Whitsundays to partner with Hamilton Island Airport and Whitsundays Coast Airport to promote the Whitsundays region as a domestic travel destination.

### **Tourism Business Financial Counselling Service**

- There is free and ongoing business support to Whitsunday tourism operators through the \$2 million Queensland Tourism Business Financial Counselling Service. A dedicated tourism counsellor is based in the Whitsundays region to support businesses in need, plus eligible tourism businesses can receive a rebate of up to \$2500 for additional expert financial, legal and/or human resources advice.

### **\$7.5 million Work in Paradise Program**

- The \$7.5 million Work in Paradise program promotes the opportunity to work in one of Queensland's outstanding regional tourism destinations including the Whitsundays. This program will attract workers through a \$1500 incentive plus a \$250 travel bonus to help workers relocate. The Work in Paradise campaign is sending a strong message that we back our regions and that we back our tourism industry.

### **Great Barrier Reef Education Experience Program**

- The \$1 million Great Barrier Reef Education Experience Program to support students with undertaking place-based learning activities, and for tourism operators in the region to enhance and develop educational products and experiences:
  - As at 9 July 2021, eight Queensland schools approved for over \$14 100 to take 301 students to undertake reef experiences with some of the 17 registered Whitsunday reef operators including Ocean Rafting, Cruise Whitsundays, Daydream Island Living Reef and Salty Dog Sea Kayaking; and
  - estimated overall expenditure for these excursions is approximately \$90 000 with flow on benefits for reef tourism operators, accommodation and mainland tourism operators.

### **Tourism and Events Queensland Support**

- Tourism and Events Queensland works with all regional tourism organisations (RTOs), including Tourism Whitsundays, to promote destinations, attract visitors to the regions, generate overnight visitor expenditure and support Queensland jobs.
- In addition to the \$7 million Tourism Network Fund per annum, the \$4 million Restart Marketing fund in 2020-21 and the \$15 million election commitment (\$5 million per annum) to support Regional Tourism Organisations including Tourism Whitsundays.
- TEQ also partnered with the RTO on the delivery of the Whitsundays Holiday Dollars campaign. To date, over 3900 vouchers have been redeemed with a total value over \$1.3 million going to Whitsundays' operators.
- The Whitsundays region has and will continue to feature in Tourism and Events Queensland's marketing activity, including the Good To Go campaign as well as within the public relations and media familiarisations programs.

## ECONOMICS AND GOVERNANCE COMMITTEE

### 2021 ESTIMATES PRE-HEARING

#### QUESTION ON NOTICE

No. 11

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

QUESTION:

Could the Minister outline the current and future RTO contestability funding formula?

ANSWER:

There is no current contestable funding formula administered by Tourism and Events Queensland (TEQ) for the Regional Tourism Organisation (RTO) Network.

As part of the \$74 million 'Rebuilding Queensland Tourism' election commitment, the Queensland Government will invest, via TEQ, \$15 million to regional tourism organisations over the next three-years (\$5 million per annum).

In 2021-22 there are three components to the funding:

- Proportional Funding (\$3 million)
- Network-wide Strategic Projects (\$1 million), and
- Contestable Grant (\$1 million)

The \$1 million Contestable Grants Program objective is to maximise tourism outcomes by:

- delivering innovation and stimulating growth in Queensland's visitor economy;
- prioritising activity that links to the current industry growth targets with outcomes that are specific, measurable, achievable, realistic and timely; and
- achieving value-for-money for state government funding.

The program will also encourage and incentivise leveraging of partner contributions, and encourage RTOs to collaborate with each other, local governments and other partners to maximise the impact of the funding.

Applications from the RTOs will be reviewed by a panel including TEQ, the Department of Tourism, Innovation and Sport (DTIS), and the Queensland Tourism Industry Council and funds will be awarded to the proposals that best meet the criteria and can be supported within the funding available.

The program design will be reviewed annually by DTIS and TEQ to ensure the program is enabling industry growth. This review will incorporate all aspects of the funding program and will be done in close partnership with the RTO Network. For future years, funding will be aligned to the Queensland Government's Action Plan for Tourism Recovery which is planned for release in early 2022.

**ECONOMICS AND GOVERNANCE COMMITTEE**

**2021 ESTIMATES PRE-HEARING**

**QUESTION ON NOTICE**

**No. 12**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

QUESTION:

Could the Minister outline the FY21-22 RTO funding pool broken up into base and contestable?

ANSWER:

The Queensland Government acknowledges the importance of tourism and events across Queensland and remains committed to funding our regional tourism organisation network.

The Tourism Network Funding Program will see Tourism and Events Queensland (TEQ) invest \$7 million in 2021-22 towards Queensland's regional tourism network as base funding.

Through the \$74 million Rebuilding Queensland Tourism election commitment, \$5 million has been allocated in 2021-22 to support Queensland's Regional Tourism Network. This includes the \$1 million Contestable Grants Program.

**ECONOMICS AND GOVERNANCE COMMITTEE**

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

QUESTION:

Regarding the 140 FTE in TEQ, could the Minister provide a table for how many are at each public service pay band?

ANSWER:

Tourism and Events Queensland (TEQ) does not remunerate employees under the public service pay bands.

TEQ employees are remunerated under the following instruments:

- Tourism and Events Queensland Certified Agreement - 2019
- Common law employment contracts
- Local legislation and conditions for international based positions.

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

QUESTION:

Could the Minister outline TEQ's spend on consultants in FY20-21 and budgeted spend in FY21-22?

ANSWER:

Tourism and Events Queensland (TEQ) did not engage any consultants in FY20-21.

TEQ does not expect to engage consultants in FY21-22 therefore the FY21-22 budget for spend on consultants is nil.

TEQ prescribes to the Queensland Government's definitions of contractors and consultants for reporting purposes.

#### **QUESTION ON NOTICE**

**No. 15**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —**

**QUESTION:**

In its forward planning, when is TEQ planning for the international border to re-open?

**ANSWER:**

TEQ is preparing market re-entry plans that will ensure Queensland is ready to drive conversion initiatives when international borders re-open, however, an exact timeframe is dependent on the reopening of the Australian border to relevant countries by the Australian Government.

TEQ will continue to target international travellers and work closely with Tourism Australia, airlines, media, Queensland's Regional Tourism Organisations and industry to deliver marketing initiatives internationally for Queensland.

With the uncertainty around when international borders will re-open, Tourism and Events Queensland (TEQ) continues to maintain international consumer interest in Queensland through owned digital assets such as Queensland.com, Facebook, Instagram and Weibo.

TEQ has also delivered content and media partnerships with AFAR Media, a multi-platform travel media brand and remains connected with key distribution partners and airlines to ensure Queensland is top of mind when international travel resumes.

In 2020-21 TEQ worked to maintain consumer awareness in key international source markets whilst the Australian border has remained closed to international leisure travellers.

Between 1 July 2020 and 31 March 2021, TEQ achieved \$56.8 million in publicity value positively promoting Queensland in 13 international markets and reached 25 000 trade via online webinars, livestreaming events and virtual trade shows.

**QUESTION ON NOTICE**

**No. 16**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —**

**QUESTION:**

Could the Minister provide the number of eco-tourism tenders currently in Stage One – Preliminary Concept Plan phase and how many are in Stage Two – Detailed Proposal phase?

**ANSWER:**

The *Preliminary Concept Plan phase* and *Detailed Proposal phase* refer to stages in the *Ecotourism Facilities on National Parks – Implementation Framework* (the Framework) document, administered by the Department of Environment and Science. The Framework sets out the steps for proponents to either submit unsolicited ecotourism facility proposals for sites on national parks, or to respond to a Government-issued expression of interest for proposals.

Through the Queensland Ecotourism Trails program, the Queensland Government is creating genuine ecotourism experiences that will deliver opportunities to better present, promote and protect our natural and cultural assets. These trails projects may be in the stages before or after Stages One and Two referenced in the question.

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to all Advance Queensland grants paid in 2020/21, will the Minister provide the following details in tabular form:

- (a) organisations provided with a grant/s or funding;
- (b) the purpose of the grant/s or funding;
- (c) the value of the grant/s or funding given to the organisation; and
- (d) the state electorate of the organisation which received a grant/s or funding

**ANSWER:**

For the period 1 July 2020 to 30 June 2021, the Department of Tourism, Innovation and Sport made payments totalling over \$33 million to 350 Advance Queensland recipients across 62 electorates.

Refer to **Attachment 1** for details.

Payments made to Advance Queensland recipients by the Department of Tourism, Innovation and Sport in 2020/21

Attachment 1

Recipient Name	Program Name	Description	Total Payment	Electorate
Central Queensland University	Aboriginal and Torres Strait Islander PhD Scholarships	The program supports emerging Aboriginal and/or Torres Strait Islander researchers to gain a research PhD degree to lay the foundation for a future research career and establish research reputations. It also assists in retaining Aboriginal and/or Torres Strait Islander research talent in Queensland, and attracting interstate talent to Queensland, to deliver tangible benefits and practical outcomes for Queensland.	\$40,000	Keppel
Queensland University of Technology	Aboriginal and Torres Strait Islander Research Fellowships	These fellowships support original research that will have positive impacts on Queensland. The program supports early-career Aboriginal and/or Torres Strait Islander researchers in gaining post-doctoral professional research experience; assists in retaining the state's best and brightest Aboriginal and/or Torres Strait Islander research minds in Queensland and attracts talented Aboriginal and/or Torres Strait Islander researchers from interstate.	\$60,000	McConnel

## ECONOMICS AND GOVERNANCE COMMITTEE

### 2021 ESTIMATES PRE-HEARING

#### QUESTION ON NOTICE

No. 18

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

#### QUESTION:

With reference to all Sport grants and funding administered by the Department in 2020/21, will the Minister provide the following details in tabular form:

- (a) organisations provided with a grant/s or funding;
- (b) the purpose of the grant/s or funding;
- (c) the value of the grant/s or funding given to the organisation; and
- (d) the state electorate of the organisation which received a grant/s or funding.

#### ANSWER:

In 2020-21, the Department of Tourism, Innovation and Sport:

- approved \$23.5 million in competitive application funding grants to community sport and active recreation organisations (**Attachment 1**) (information excludes 2020 Government Election commitment (except where replicated under the Active Restart Infrastructure Recovery Fund) identified state wide initiative funding, funding approved to individuals and non-competitive grants);
- managed \$144 million during the financial year and in forward budgets as a result of the 2020 Election Commitments. **Attachment 2** provides the details of these commitments (note: 43 listed projects were funded under the Active Restart Infrastructure Recovery Fund but are replicated here for completeness of reporting); and
- administered more than \$8.3 million in funding to support individual young Queenslanders and families through the Emerging Athlete Pathways (EAP) program and the FairPlay voucher program. **Attachment 3** details funding under these programs.
- \$10.8 million in funding under the Active Industry Fund was provided in 2020/2021 to state level sport and recreation organisations and industry peak bodies to secure the future of community physical activity.

Electorate	Organisation	Program/s	Project/s	Total

**ECONOMICS AND GOVERNANCE COMMITTEE**

**2021 ESTIMATES PRE-HEARING**

**QUESTION ON NOTICE**

**No. 19**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

**QUESTION:**

With reference to the \$29.3 million allocated to the Department of Tourism, Innovation and Sport for preparations for the Olympic Games, will the Minister provide a breakdown, by dollar value and purpose, of what the money will be used for?

**ANSWER:**

\$29.3 million has been allocated to the Queensland Academy of Sport over two years to implement the first stage of the QAS 2032 High Performance Sport Strategy, which has a vision of 'Inspiring Extraordinary Sporting Success'.

The budget is broken down as follows:

<b>FINANCIAL YEAR</b>	<b>OPERATING BUDGET 000's</b>	<b>CAPITAL BUDGET 000's</b>
2021 – 2022	14 365	550
2022 – 2023	14 365	0

**ECONOMICS AND GOVERNANCE COMMITTEE**

**2021 ESTIMATES PRE-HEARING**

**QUESTION ON NOTICE**

**No. 20**

---

**THE ECONOMICS AND GOVERNANCE COMMITTEE** ASKED THE MINISTER FOR TOURISM INDUSTRY DEVELOPMENT AND INNOVATION AND MINISTER FOR SPORT (HON S HINCHLIFFE) —

QUESTION:

With reference to page 78 of the SDS, will the Minister advise how savings of \$653,000 were achieved by the Department?

ANSWER:

Savings of \$653 000 were achieved by the Department of Tourism, Innovation and Sport (DTIS) through:

- Reductions relating to travel and motor vehicle hire due to the impacts of COVID-19; and
- Reductions in the use of short-term contractors and labour hire expenditure.

DTIS remains committed to further reducing expenditure to deliver continued savings and is continuing to look at internal processes and activities to identified opportunities where these can be achieved.
