Subject: "State of Emergency" !!!!
Date: Wednesday, 30 June 2021 4:35:29 PM

Just letting you know that hundreds of Queenslanders know what the government is doing to continually remove our freedom and health! This is disgusting! Give us back our freedom and stop creating fear by creating these false emergencies! Masks are so incredibly detrimental to health and were the cause of the majority of Spanish flu deaths!!! Spoken from the lips of Dr Faucci just a few years ago! We will not be silenced!!!
