Good Morning

I am Jan-Marie Brooke – [REDACTED] and my email is
[REDACTED]

I STRONGLY OBJECT TO THE EXTENSION OF EMERGENCY POWERS TILL APRIL 2022.

It is unconstitutional at best and morally wrong on so many levels – you have created fear and panic for one death and this is going beyond the realms of realistic management of a virus. We need to live with this virus you cannot LOCK DOWN THE STATE for these long periods of time and decimate peoples incomes and restrict their movement in this manner
