Subject: Bill Opposition
Date: Thursday, 1 July 2021 11:56:04 AM

My name is Rachel Wiley of [REDACTED]. I am writing to oppose the proposed bill to extend emergency powers of the current Queensland government in relation to the fake Covid crisis. These emergency orders only put in place the ability for government powers to track, trace, lockdown, quarantine and build quarantine facilities for citizens, which are highly questionable procedures, along with the justification for government authorities to inject citizens with an experimental vaccine. I in absolutely no way support this bill and want it taken from parliament immediately. My email address is [REDACTED]

Thank you,
