Subject: Submission to Object to the Extension of Emergency Powers to 30th April 2022
Date: Thursday, 1 July 2021 3:19:43 PM

To the Committee re above subject,

I wish to advise that I am strongly objecting to the Queensland Government proposing to extend its EMERGENCY POWERS to April 2022.

This is totally wrong and draconian in every way.

We, the people have a right to our freedom of choice, our movements, conducting our businesses, having our children back at school, and we no longer wish to be dictated to!!

The hypocrisy around the mask wearing and social distancing has been glaring at us over and over again. One example alone, is the State of Origin match last Sunday where the stadium was full of spectators, none of whom were practicing "Social Distancing" nor wearing "Face Masks". It is abundantly clear that the current actions and information used against the people of Queensland is unacceptable!

I am fully aware of the threat of COVID 19 and how it can be managed but this email is not meant to discuss or debate on this platform.

My conviction is to strongly oppose this Bill and I know that I am just one of thousands of other concerned constituents in doing so. I trust that our voice will be heard and accepted rather than ignored in the face of such opposition.

It is now time to move on with our lives without the need for such unjust and unfair demands being constantly thrust upon the greater population of this state of Queensland.

Kind Regards

Colin Ivory
