Subject: Extension of emergency powers
Date: Thursday, 1 July 2021 7:04:06 PM

Michael Ernst
[REDACTED]

I am opposed to the extension of the bill for a public health emergency to April 2022, on the grounds there is no emergency, the PCR is not a test as stated by Kary Mullis, the inventor and the 22 scientists that demanded a retraction of the Corman Drosdan report , stipulate 10 major faults in the PCR, rendering it useless to be used as a tool to ascertain cases and therefore a pandemic.

Thank you
