What legal rights under the Australian & Commonwealth constitution have you in the Qld parliament to implement this controlling rule.

You have been so called voted in to serve the people not the other way round.

You have obvious controlling agendas with the so called Covid [REDACTED] used as a excuse.

You should be hanging your heads in shame in ruining the lives of thousands in Qld & Australia. You are evil in eroding the citizens democratic rights & freedom of choice re all round wellness.

You are not into true health rather ill health disease disharmony fear & panic

Keeping us safe from what- another form of flu etc that have been coming & going for hundreds of years.

I certainly don't need an experimental jab minus the standard trials & testings to keep my immune system strong which I have been doing & will continue to do so.

I certainly don't need some ivory tower medical officer etc playing GOD with my health - I am the devine entity of that decision.

So I am obviously against such a Bill as it is against the people & definitely not for the people.
