To whom it may concern

I do not agree with the proposed bill to extend emergency powers to 30 April 2022

The powers to include the abilities to impose restrictions on the free movement of citizens, their ability to travel, conduct a business, attend a school, church or sport, as well as the power to issue (unlawful, by the way) mandates on mask wearing, social distancing rules, the numbers of persons who can gather at any one time and border closures are not only unlawful, as stated, but a total tyranny act and completely unneeded. This tyranny [REDACTED] is affecting people's mental health, relationships, jobs and overall wellbeing. How dare you think to continue this, when new unlawful "rules" and "directions" are literally being pulled from your asses as you clearly have lost control of the majority believing your crap and people are starting to realise this.

More and more human beings you "think" you control are becoming aware, and to further continue this tyranny is not only going to lose you your credibility (which is already gone), but your jobs.

I do not agree.  
I do not consent.

Your agenda is turning to [REDACTED] and you know it. Time to turn it around and think about your future generations. These acts will never be forgotten as to who chose to stand and allow it.

I do not agree or consent to your proposed bill. The state of emergency powers need to end.
