Dear Committee Secretary

**RE: The Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021**

Consider this a formal submission for the above bill to be discussed and disclosed to the public so we may have a right to use our constitutional democratic principles that require our government to make these new policies transparent and under scrutiny for public debate.

Also, I would like it noted that I disagree that the bill was not referred to the Health Committee but to the Economics and Governance Committee on the 16<sup>th</sup> June 2021, considering that this bill consists of imposing restrictions on the free movements of citizens, mandates on mask wearing, social distancing rules, border closures, area lockdowns and quarantine mandates, all in appearance of protecting the public health of all citizens of Queensland.

Sincerely

Kathryn Pettett
