Subject: Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021
Date: Friday, 2 July 2021 1:39:38 PM

Att

I know it is my duty to keep you informed as to MY WILL on any matter that comes before the Parliament or should come before the Parliament.

It has come to my attention that Queensland officials are trying to extend the State of Public health and other legislation amendment bill 2021

This bill will need to be debated by the Parliament and if passed it will give the power to enforce "coronavirus" restrictions such as hotel quarantine, border controls, mandatory face masks and gathering limits.

In accordance with the Charter of Human Rights VIC 2006, Article 5, 6, 10 and International Covenant on Civil and Political Rights Article 16, **17**, 18 and 19 this bill will deprive every living Man and Woman of their basic human rights.

It is a question of the Queensland and Australian People preventing the right to live their lives in freedom, which is their birthright.

You all as a members of Parliament have to fulfill your judicially defined function and duty and refuse to bend to any party pressures and oppose this bill immediately.

It is MY WILL that no bill is to be passed and no extended after the 30th of september 2021 and I as queenslander demand a new State Election before this bill proceeds any further. I do not agree with this bill.

Constitution without the consent and express will of the Australian People by referendum

Regards

Dean Jay
