Subject: We do not consent to extension of emergency powers!!!

I am writing to say NO.

I don't consent to the state of emergency powers being extended.

There is no reasonable excuse backed by data to extend emergency powers.

We the Qld people do not consent.

Whilst we may be silent rest assured anger is building to boiling point in our communities.

We do not consent. We are not complying. We do not understand. We do not agree.

Anyone complicit in this tyranny will hopefully one day be held accountable in a court of law. Crimes against humanity trials have already started in Germany.

What side of history do you want to be on? Are you for the people or against us?

What you choose to do matters.
