Subject: please end State of Emergency powers
Date: Friday, 2 July 2021 3:16:08 PM

Dear sir/madam,

It is obvious the we are not in a pandemic. The media is reporting "cases" which are meaningless. The PCR test is highly unreliable. Even WHO have advised to end lockdowns. We can see thru the fiasco! so please end the SOE . Get on with rebuilding the small businesses and stop trying to mandate an experimental vaccine for a virus with a recovery rate of 99.9%!!

Sincerely,

Dave St Henry
