Subject: NO MORE SOE EXTENSIONS!!

There is no pandemic.

There is one person in Australia in ICU for covid. Yet over 300 dead due to the vaccine.

I have family I havent seen in 1.5 years and we live in the same country. 4 cancelled trips, all just before an SOE order was about to expire.

Australians see through the farce.

Stop the SOE extensions.

My son needs to see his grandfather. I need to see my dad.

I do not want or need a covid vaccine, I have a strong and healthy immune system.

What the government is doing to its people is criminal.

NO MORE!

We will rise up.

End this circus NOW!!

Regards,
Denise Georges
