

To Whom It May Concern,

I am writing to you to voice my concern and dissension towards the extension of emergency measures, including the extraordinary powers of the Chief Health Officer, Dr Jeanette Young.

These powers which impose restrictions on the free movement of citizens, their ability to travel, conduct business, attend school, church or sport, as well as the power to issue mandates on mask wearing, social distancing, the number of people gathering together at one time, border closures, area lockdowns and quarantine mandates are all gross overreaches of government and warrants discussion if not debate in parliament.

I would like to lodge a submission on the bill 'Public Health and Other Legislation (Further Expansion of Expiring Provisions) Amendment Bill 2021'.

My details are as follows:
