The Public Health and Other Legislation Amendment Bill 2021 does not demonstrate any justification to limit Queenslanders rights as per the Human Rights Act.

2017 Queensland Influenza Statistics

Cases 56094

ICU Admissions 753

Deaths 260

2020 Queensland Influenza Statistics

Cases 991

ICU 28

Deaths 20

2020 Queensland Covid19 Statistics

Cases 1253

ICU 1

Deaths 6

2020 Covid19 and Influenza Combined Statistics

Cases 2244

ICU 29

Deaths 26

2017 was 10 times deadlier for respiratory illness than 2020 but was not declared an emergency. How is a health emergency to be defined? Is six deaths in a year a health emergency? In Section 13 of the Human Rights Act , (c)the relationship between the limitation and its purpose ,including whether the limitation helps to achieve the purpose. The evidence that lockdowns work is lacking and may be contrary to the data that shows an increase in mortality with a more restrictive the lockdown. Has the government provided any science or data on the effectiveness of lockdowns and facemasks?

To remove Queensland's human rights the government needs to

- Define a health emergency
- Prove that the measures increase the public safety

Thankyou

Benjamin Limmer
