Subject: Re:- extension of SOE

To all people of conscience.

I write to you with extreme trepidation about the Queensland Labour Government's proposal to extend our State of a emergency til the end of April next year.

This is a power-hungry grab to control the people of Qld unnecessarily for longer than absolutely required. A state of emergency cannot be foretold or it wouldn't be an emergency. And if they are saying they will not have a handle on things before then, then I believe they point out their own incompetence.

Sincerely, Victoria Rothschild
