Amendment Bill 2021

To whom it may concern

From  
Sophie Laforest  
[REDACTED]

It has now been proven (and has been for a very long time already) that the Qld government and Qld health (especially Jeannette Young and the Premier) are lying daily to the population. Their lies have been proven/confirmed by thousands of what I would call 'real' experts being silenced and data published locally and overseas.

1) treatments proven to be effective against Covid 19 have been blocked. Doctors threatened with jail. HCQ and Ivermectin used in combination with other medications work, are safe, effective and cheap. India has already published data proving that the Delta variant can be treated with Ivermectin with success.

2) the state of emergency and blocked treatments are required to push 'vaccines' as they haven't been officially tested and approved. Those have been proven not to be vaccines as they do not prevent transmission nor infection. They are gene therapy. Pushing those as safe and effective is a lie. A crime against humanity.

3) Those fake vaccines have already killed thousands overseas and hundreds in Australia. Created millions of adverse reactions worldwide.

4) Observation by people of Australia that healthy people are dying quickly after 'vaccines' administered and deaths reported as natural causes by corrupt doctors protecting themselves in this clear conflict of interest.

5) PCR tests used fraudulently with cycles too high producing a significant level of false positives. Also demonstrated by peer reviewed studies to be severely flawed. Proven not to diagnose. Asymptomatic are being fraudulently told they are 'sick'. It has also been proven that asymptomatic people do not infect others.

6) Delta variant is a false narrative created to push fear mongering and people to get jabbed with an experimental gene therapy. The US and the UK have now released data showing that the variant is LESS dangerous to unvaccinated than other strains from the past. Again a cover up of the dangers faced by vaccinated people.

7) The government has used media and social media to push fear mongering on the population for a flu with 99.9% recovery. With treatments making on par with other flu. The collaboration of Facebook and Twitter

in the censorship of free speech and the sharing of truth has already been proven and is being addressed in the USA. I have also witnessed the Premier sharing false articles on Facebook page prior to the election to promote fear mongering and her reelection.

Qld health blocked me from sharing on their Facebook page information that has been proven to be facts. Breaching my freedom of speech on government site. Hiding the truth of their lies.

8) Government and Qld health have destroyed countless lives, triggered countless suicides and destroyed the economy. Blocked access to patients to other services. Have demonstrated in several cases inhumane behavior like blocking access to dying family members, even for vaccinated people.

9) we were told masks did not work at the start of this PLANdemic. All studies since have proven masks don't work and proven to be dangerous for health. The government is again lying to the public using masks as a method of mind control and fear mongering.

And the above is only a part of the facts available.

I demand the resignation and arrest of Jeannette Young and all member of her team complicit in this crime against humanity in Qld health. Genocide of Qlders with experimental gene therapy.

I demand the resignation and arrest of parliament that allowed the Premier and health minister to turn Qld into a dictatorship and genocide the people of this state with experimental gene therapy.

I demand the elimination of the state of emergency. The return to fully open state and country. Elimination of all measures like QR codes breaking human rights. Like Singapore has recently said. It's like the flu. And the flu never required any of those measures.

I demand treatments be allowed.

I demand this genocide through jabbing the population with dangerous gene therapy to stop immediately.

And I demand the truth to be provided to all Qlders.

Any reliance on the WHO is in itself crime against humanity as it is clear that the WHO participated in the cover up of the CCP. Tedros works for the CCP. The biggest source of funds is Bill Gates who has a clear conflict of interest being a significant investor in vaccines and part of the Eugenics movement openly wanting to depopulate earth. The WHO is now being sued by India for the lies about Ivermectin and face death penalty in India.

The emails of Anthony Fauci in the US have now discredited him about everything he has said for the past 16 months. And we have also seen the UK scandals where the elite including Scomo mingled without a worry breaching all policies imposed on the population. I will leave at that. We aren't stupid. At least not all of us.

Ignoring the above makes you complicit in this crime against humanity. Covid 19 is a flu with 99.9% recovery for which treatments exist. Safe, cheap and effective.

I strongly recommend if you haven't already reading what happened after WWII, the Nuremberg tribunals and the Nuremberg code. If I know you know. Following orders and attempts at ignoring the facts won't protect you from the consequences.

God bless Australia. We the people are born free and will be vindicated from tyranny.

Regards

Sophie Laforest
