To Whom It May Concern

I am writing to oppose the proposal of the new bill to extend the State of Emergency Laws until 30th April 2022.

The Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021 extends a range of emergency measures, including the extraordinary powers of the Chief Health Officer, Dr Jeannette Young.

These powers include the ability to impose restrictions on the free movement of citizens, their ability to travel, conduct a business, attend a school, church or sport, as well as the power to issue mandates on mask wearing, social distancing rules, the numbers of persons who can gather at any one time, border closures, area lockdowns and quarantine mandates.

The Bill also extends emergency measures, and creates new ones for the care of mental health patients and persons with cognitive or intellectual disability, the operation of prisons and youth detention centres and related measures.

This email is an exercise of my right as a citizen of this state in this state in direct opposition of this.

My full name is Dianne Grace Carcary
