To whom it may concern

I am AGAINST :

Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021

I cannot see any logical reason to increase powers for emergency officers and the Chief Health Officer to impose restrictions on the movement and interactions of persons, facilitate contact tracing, and enforce quarantine requirements. These measures are meant for emergencies.

We are not in a state of emergency. The statistics do not imply an emergency but the opposite.

I'd like to see more effort in public education on improving immune systems (along the lines of Slip Slop Slap) rather than life-destroying restrictions based on rhetoric.

Thank you for your time

Regards
Wendy
