Subject: Extention of Emergency Powers Bill
Date: Monday, 5 July 2021 10:06:22 AM

The government has gone too far in secretly trying to push a Bill through parliament to extend Emergency Powers. This disgraceful abuse of power needs to stop. The deprivation of liberty for the people and erosion of our freedoms won't be tolerated. You are destroying people's lives for no reason when we can easily live with this virus as we do with the common flu.
