Our rights are being taken from us and our freedoms are being taken.
I do not consent!

I am outraged that before our state of emergency was to end that this bill was put to parliament a couple weeks before hand and wanting to extend it from 30 September to April 30 2022!! Before the old state of emergency was due to expire on June 29th!!

I do not consent to this as the Australians of this country have put up with enough, if the State of origin can go on with 50,000 people in attendance, if the prime minister is off flying to the UK and the QLD premier is going to the Olympics this is outrageous and this bill cannot be approved as there is no pandemic if state premiers are allowing sporting games with tens of thousands of crowds being allowed in one area.

Where is the pandemic? There are not men, women and children dying in the streets, there are thousands of masks being littered everywhere without biohazard bins all throughout the country to dispose them if its so deadly why are there not big hazard bins around!

There isn't a viral pandemic, there is a tyrannical pandemic and its all about power and control and the Qld government have shown that with this new bill they are proposing and likely to sneak it into parliament as they sneakily extended the state of emergency without notice.

We the people Do Not Consent to this bill and want it ripped up and thrown out of parliament.

The state governments and federal government are overreaching their powers and must be put to an end!

We want a referendum to approve any and all bills the people of this country should decide as it should be our decision the Government work for the people not be controlled by the government!
