Subject: SUBMISSION TO THE BILL - "PROPOSED QLD BILL TO EXTEND EMERGENCY POWERS TO 30 APRIL 2022"
Date: Tuesday, 6 July 2021 1:41:21 PM

To the Commission

As an Australian citizen, I do not consent to the passing of this proposed Bill.

It is evident the current risk of Covid-19 to QLD does not warrant the need for a State of Emergency any longer, let alone extending it to the April 30 2022.

The lockdowns, mask mandates, vaccination rollout and other emergency power orders given by the Governments during a State of Emergency have far more devastating socio-economic and quality of life effect on Queenslanders than Covid cases and transmission.
