**Subject:** Misleading of Parliament by Acting Minister for Health Yvette D'Ath  
**Date:** Tuesday, 6 July 2021 2:39:55 PM

---

This bill was tabled by Yvette D'Ath as a new bill extending the Public Health Emergency Response Measures From 30th September 2021 to 30th April 2022

This bill has extreme measures.

Apparently this bill & its contents or tabling has not been mentioned publicly in the media or by State Legal Bodies.

The consequences of this private extension will amount to the residents of Qld being under "State of Emergency conditions for more than 2 years by April 2022." with possibility of further extensions.

This definitely warrants public discussion & further debate!!

Although reference was made verbally mentioning the Health Committee by the Minister in her speech - **the tabled document did not go to the Health Committee but to the Economics & Governance Committee.**

The committee is due to report back to Parliament by the 6th August 2021 with submissions due in by Wednesday 7th at 5pm.

I am therefore lodging submission to create accountability and transparency by the Government to uphold democratic principles for which you gained these seats in Parliament by public democratic voting.

Important changes such as this should be highlighted for true discussion
