Hi,

My name is Sharon Saunders and I am writing to you to withdraw the extension of this bill Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021

The Bill proposed is absolutely unacceptable and unconstitutional!

I do not consent

I do not consent

I do not consent to any of the Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021 proposals.

The Emergency declaration and health emergency declaration or state of emergency declarations must all be revoked as no one can provide an isolated virus of covid-19 therefore has been state by FOI that no information exists therefore it must be considered that the virus is just a common cold

The treatment towards mankind/people by using lockdowns and other regulations to prohibit movement and coerce this covid vaccine which is a misrepresentation as it is gene therapy or a experimental therapeutic which should never be made mandatory or compulsory is unacceptable and it violates our rights and constitution and many other laws, legislation and Acts.

Mankind / people have an ability to choose and have to have informed consent without force, coercion of any kind. Our Biosecurity Federal Act 2015, our Privacy Act 1988, our Commonwealth Discrimination Disability Act 1992, the Modern slavery and human trafficking Act plus, our constitution and our God given rights protect us and supersedes the emergency laws or directives.

What you propose and are intended to do and are doing is criminal. They are crimes against humanity for misrepresentation, omissions and treasonous acts.

We all know that the so called vaccine is in experimental Clinical trial 3 which has only been provisionally approved while the emergency declaration or state of emergency declarations are in place and once you no longer have the emergency declaration or state of emergency and the health emergency declaration you cannot promote and force this deadly vaccine for covid-19.

I am appalled at all these proposals and new laws to enslave, harm and maim the Australian nation. You and many other countries have signed the Nuremberg Code to uphold it and to never do any of those crimes ever again, ignoring the Nuremberg Code is punishable to/for all government officials and anyone who has gone against the Nuremberg Code.

We know the PCR test is not a diagnostic tool and should be abolished for use to diagnose covid-19. The magnification/amplification to 40x or even 45x amplification is totally unacceptable which should only be magnified to a maximum of 28x. This test shows nothing and cannot prove one has covid19 as you have not isolated it.

You are causing misery, depression, anxiety, homelessness, and an increase in suicides and self harm in people especially our teenagers that have had their futures ripped away from them with these draconian laws and directives and tyranny. The emergency declaration must be revoked. All lockdowns must stop immediately and all masking must stop now. Masks provided absolutely no protection for any virus, all these measures are killing people.

Why have you not tried to use hydroxychloroquine or Ivermectin?

These work and you know it, this is another crime against humanity without vital drugs that have

a 100% safety record and you keeping it away, banned, locked up this is murder. You all have blood on your hands.

Almighty God is my witness

Regards,

Sharon Saunders
