Subject: extension to lockdown laws
Date: Tuesday, 6 July 2021 7:39:10 AM
Importance: High

As a business owner in the wedding industry the, industry is already struggling to recover as these continued lock downs are destroying what little income businesses have left as all of our events go down the gurgler.

The poor hospitality industry having to throw out food everytime there is a lockdown this is unexceptable.

Where is our compensation to your excessive laws. For loss of income!!!!

Lots of wedding businesses have already gone to the wall and cannot recover from this repeated uncertainty.

please reconsider this decision before it is too late.

As it is already to late for some.

yours sincerely
