

Mark Batt

Committee Secretary

Economics and Governance Committee

Parliament House

George Street

Brisbane Qld 4000

Date of Submission: 7th July, 2021

Regarding: <https://www.parliament.qld.gov.au/work-of-committees/committees/EGC/inquiries/current-inquiries/PHOLFEEPAB2021>

**Public Health and Other Legislation (Further Extension of Expiring Provisions) Amendment Bill 2021**

I whole heartedly object to the further extension of these legislative measures for the following reasons:

1. I have seen no evidence that there is a pandemic in Australia let alone Queensland, Government have not Demonstrably justified it.
2. The Dangers of COVID 19 have been blown out of proportion and the facts are shady at best.
3. There is a myriad of Doctors and Health experts routinely censored when facts and concerns are presented regarding COVID 19 by Governments, media and big tech. I na violation of free speech the likes of which I never thought I would see in my lifetime.
4. These measures should only be put in place in the face of a real emergency and then imposed fairly across the country to the afflicted not arbitrarily across the entire population.
5. The government has already overreached it's powers and to do so further when we have seen no deaths for 6 months is clearly an abuse of power.

6. The unethical nature of the coercion of these dangerous experimental vaccines is clearly tied to the emergency powers. They are no guarantees of any kind, no guarantee of free travel, of immunity or even survival.
7. This is a crime against humanity which goes against the Nuremberg Code: <https://www.nejm.org/doi/full/10.1056/NEJM199711133372006> and the Helsinki Declaration: <https://www.med.or.jp/dl-med/wma/helsinki2013e.pdf> . Particularly since the government has banned the use of proven safe and effective preventatives and treatments, such as Ivermectin, and Hydroxychloroquine given with zinc. The Federal and State governments, the TGA, and Chief Health Officers are all culpable.
8. These QR codes are dangerous and regretted by Masahiro Hara the engineer himself, aside from the violation of our privacy rights it exposes the people to dangerous hacking attempts as stated here: <https://www.itsecurityguru.org/2020/10/21/time-to-practice-qriosity-the-security-dangers-of-qr-codes/>
9. The destruction to the economy, people's lives, and businesses is devastating and immoral.
