RE: Inquiry into the Draft Local Government (Dissolution of Ipswich City Council) Bill 2018

TO: The Economics and Governance Committee

My name is Greg Diete I have considerable experience in dealing with Local Government from a Business perspective. I created the Black Duck Valley Off-road Recreation Facility from a farm growing cabbages to a leading outdoor motorsport facility. Facilities existing today do not and have not exceeded the standards we achieved.

There is good to be had from the Ipswich City Councils current situation.

There is no good for the Ipswich City Council in having Mayors, CEO and Others charged for criminal conduct.

There is no good to be had for the Ipswich Community by placing the City of Ipswich's Council under Administration without a plan to prevent a repetition of the need for an Administrator.

There is an opportunity to deal with potential for corruption rather than relying on prosecution for corruption as a deterrent.

Ipswich has provided an opportunity to understand, evaluate and mitigate corruption.

If there is something here, you do not understand/question please ask me for clarification.
