Dear Sir, I would like to express my total distrust in this local government. We pay the highest rates of most councils, and simply do not receive any support from councillors when needed. They are over paid, and when reading that they request pay rise, is an absolute joke when they truly do not deserve this. We are too over governed and could do without a council at all. To read about their fraudulent activities with rate payers money, is hypocritical, when most people are struggling to make ends meet. Please stop this Council from ripping off hard working people. I moved from Brisbane in 1999 to what I thought was a fairer council, instead being hit with constant rate rises with no real services except bin. They are not above the law, and each rate payer in this area should be reimbursed for their [actions](#). [Thankyou](#) [To](#) contact me [REDACTED].
