

# HOW TO SATISFY PREREQUISITES

## Satisfying Subject Prerequisites

Subject prerequisite requirements are intended to ensure that all persons entering a program have studied and achieved an appropriate level of knowledge in subject areas deemed necessary to undertake the program successfully.

All undergraduate bachelor degrees at UQ have an English subject prerequisite. Many bachelor degrees also have additional mathematics and/

or science prerequisites. For further information on the prerequisites see the Programs quick reference starting on page 22.

## Secondary Study

The following table shows recent interstate, International Baccalaureate and NZ subject equivalents to Queensland senior subjects, which will satisfy prerequisites for admission to programs at UQ.
