

In regard to IPS Schools and classified officers (Principal, Deputy Principal, Heads of Departments, Heads of Special Education Services), can the Minister please advise:

- (a) The number of vacancies in IPS that were filled by teachers from the transfer list.**
- (b) The number of classified officer positions that were vacant in 2013 in IPS schools.**
- (c) The number of classified officer positions that were filled by relocation.**

RESPONSE

There were 350 vacancies in IPS schools that were filled by teachers from the transfer list in the first 6 months of 2014.

I am advised by my Department that there were 45 classified officer positions vacant in IPS schools during 2013. Of these vacancies, 6 positions were filled by relocation appointment.

In relation to Page 13 of the Budget Concessions Statement, can the Minister please advise:

- (a) What percentage and dollar figure of concessions paid for the Certificate 3 Guarantee Tuition Fee Subsidy went to private RTOs compared to TAFE for 2013-14 and 2014-15.**
- (b) What percentage and dollar figure of the concessions paid for the Higher Level Skills Tuition Fee Subsidy went to private RTO's compared to TAFE for 2013-14 and 2014-15.**

RESPONSE

I have been advised by my department that in 2013-14, 49.6% (\$63 million actual expenditure) of the Certificate 3 Guarantee Tuition Fee Subsidy was paid to the public provider, with the remaining 50.4% (\$64 million actual expenditure) paid to private Registered Training Organisations that have entered the market with departmental pre-qualified supplier status.

In 2013-14, 100% (\$56 million actual expenditure) of the Higher Level skills Tuition Fee Subsidy was paid to the public provider.

The 2014-15 *VET Investment Plan* delivers significant skills market reforms, with all government training funding aligned to industry needs and available under fully contestable arrangements from 1 July 2014.

As outlined in the plan, funding for the Certificate 3 Guarantee and the Higher Level Skills components are managed through a demand driven skills market, where the level of investment is determined by the student demand for different qualifications. These arrangements are underpinned by students being able to choose a pre-qualified supplier that best meets their needs.

As the budget for both the Certificate 3 Guarantee and Higher Level Skills program is not allocated based on a proportion for public and private providers, the information requested for 2014-15 can only be provided after the delivery of training when all claims from pre-qualified suppliers, both public and private, have been processed.

Regarding the funding allocated, and expenditure for 2013-14, for the planning of a Cairns Special School, can the Minister please advise:

- (a) Whether any funding is deferred from 2013-14 to 2014-15.**
- (b) How much funding is allocated to the planning of the Cairns Special School in 2014-15.**
- (c) When is the planning due for completion.**

RESPONSE

The Newman Government is fully committed to ensuring that Cairns students have a brighter future and that's why we are methodically and carefully analysing the needs of the region to ensure that we can deliver the best possible resource.

I am advised that no funding has been deferred from 2013-14 to 2014-15 in relation to the planning of a Cairns Special School. While no specific funding has been allocated from the 2014-15 budget, my Department will continue its ongoing assessment of options and any associated funding requirements. This assessment and planning will be completed by the end of 2014.

In relation to Question on Notice Response No. 3 can the Minister please clarify, in relation to the below, the difference between 63 not complete and 67 projects noted as continuing.

- **288 schools receiving infrastructure support.**
- **225 schools completed = 63 outstanding.**
- **67 new in-situ building projects continuing.**

RESPONSE

In preparation for the move of Year 7 to high school in 2015, 288 schools require infrastructure support.

Separate infrastructure projects have been established for refurbished classrooms, relocatable buildings and new in-situ builds, with some schools requiring multiple projects.

Of the 288 schools requiring infrastructure support, 71 schools had more than one project being undertaken, with an overall total of 358 projects across all 288 schools.

Infrastructure works are complete at 225 schools, comprising 295 projects (including completion of 13 of the 67 new build in-situ projects). Works remain to be completed at 63 schools.

While almost all refurbishment and relocatable projects are now complete, the delivery of the new in-situ builds is the main work continuing.

Works are forecast for completion at all schools prior to the commencement of the 2015 school year, with the exception of Brisbane State High School where an interim solution will be in place to accommodate the intake of Year 7 from the start of the 2015 school year.

In relation to SDS Page 32 Note 1 regarding the 2013-14 funding figure for the National Education Reforms – Students First Program. Can the Minister please advise how much is new money from Students First compared to the Specific Purpose Payments that have ceased.

RESPONSE

I am advised that under the former National Specific Purpose Payments, my Department was projected to receive \$456 million for the period January to June 2014.

Under the new National Education Reforms - Students First program, my Department received \$523 million for the period January to June 2014, representing an increase of \$67 million.

Can the Minister please provide a list of TAFE Queensland courses which are not subsidised?

RESPONSE

TAFE Queensland delivers across more than 800 program areas, offering training on a fee-for-service basis to individuals and organisations, as well as programs that are subsidised by the Commonwealth or State governments.

Of these programs, 546 are not subsidised under the 2014-15 VET Investment Plan. These programs include some superseded qualifications which may be subsidised under a new training package and are detailed in **Attachment 1**.

The list of qualifications previously funded by the Queensland Government but not currently on the Queensland Training Subsidies List for funding from 1 July 2014 is available at <http://www.training.qld.gov.au/resources/information/pdf/previously-funded.pdf>.

**TAFE Queensland Programs delivered in 2013/14, not receiving State Government subsidies in 2014/15
