Dear Sir/Madam

We are submitting our views and recommendations for the Respectful Relationship Enquiry.

- 1 To keep our society free of totalitarian control all Marxist agendas should be taken out and rejected.
- 2 Rejection of present gender norms as being enforced is an excuse to enforce the gender neutral ideology. Don't let the new gender stereotypes destroy what has been natural and normal over many centuries.
- 3 All animated gay and gender fairy material should be totally rejected. Many of the LGBTIQ already have unstable and suicidal tendencies, giving them everything they want is not going to solve their problems and will only increase the instability of our youth and therefore society in general.

Yours faithfully Graeme & Grace Heal
