To Whom It May Concern'

I am writing in regards to the Respectful Relationships Program,

It is my recommendation that this Program should be vastly ammended or scrapped entirely. It in no way adressess the real issues of Domestic Violence or Respectful Relationships. I find instead that it is highly based on Gender and Sexual Diversity. This Program is based on Gender Theory with highly sexualised content and focuses on feelings and emotions. This Program is a Sex Gender Education Program and should not be taught in Schools. It teaches against Stereotypes and Heteronormativity. This goes against the beleifs and morals of many Parents. It is the Parents responsibilty to teach their child these matters to theri children, not Schools, Governments or the Education Department. Having read this Program I can confidently say It doesn't teach them respect, the subject matter is highly controversial and has no place in Schools. I can also confidently state that much of the material does not adrress real issues of Domestic Violence but an askewed political feminist left view of Domestic Voilence and Men.

Thank You for Your Time;
