Inquiry into smoking and tobacco use at universities, technical and further education facilities, and registered training organisations.

Feedback

003

- *What arrangements currently apply that limit smoking at these facilities*
- **ACCCO has designated smoking areas for Students and Staff**
- **No smoking inside the buildings**
- *The impact of smoking on staff, students and campus users, and*
- **Time wasting compare to non- smokers. They have more and/or longer breaks. This can cause other staff and students to become resentful and frustrated.**
- *The capacity for improved laws and regulations at these facilities to reduce smoking*
- **Band smoking inside buildings**
- **This would be hard to regulate as if people choose to smoke and if it is regulated they need to be so many meters away from buildings it will take up even more time.**

I hope this will assist you with your research and have a lovely week

Cheers

Narelle

ENROL NOW FOR 2016!!!

There may be Government Funding to assist with your course fees.
Contact ACCCO for eligibility and funding available in your area!

OUR TRAINING. YOUR CAREER. **THEIR FUTURE.**
