

Increases in residential electricity prices 2017-18

Tabled by: Hon Pitt MP
At: 3:25pm
Time/date: 18/7/17
Signature: AM

Notes:

- Price increases for WA, ACT, Tasmania and Northern Territory are the headline increases announced by the regulators
- Price increases for SA, NSW, and Victoria have been calculated based on annual consumption of a typical regional customer in Queensland (4,173 kWh) using corresponding AGL standing offer rates.
- Price increases apply from 1 July 2017 except Victorian price increase which applied from 1 January 2017.
