Re: SE Qld Water (Restructuring) and Other Legislation Amendment Bill 2012  
**Submission regarding the proposed amendment to the Qld 'Water Fluoridation Act 2008'**

After researching the scientific evidence of 'Water Fluoridation' in international communities, I request that the Qld Government not force people in the Bundaberg area to be subjected to added fluoride in their water.

Further, I request that the Queensland government include an 'exclusion clause' in the Water Fluoridation Act 2008, so that communities such as Bundaberg, who do not want fluoride in town water, be given a democratic opportunity to refuse the requirements of the Act.

Yours sincerely,

Jana Mackie
