9 November 2012

Dear Mr Crandon

Inquiry into South East Queensland Water (Restructuring) and Other Legislation Amendment Bill 2012

I refer to your letter of 2 November 2012, overviewing the two primary objectives of the South East Queensland Water (Restructuring) and Other Legislation Amendment Bill 2012 and calling for submissions.

With regard to the two primary objectives stated in your letter:

- **Structural Reform.** Unitywater is actively engaged in consultation being undertaken by the Department of Energy and Water Supply regarding the rationalisation of the SEQ bulk water industry. No submission to the Committee is proposed.
- **Water Fluoridation.** The amendment to the Water Fluoridation Act 2008 does not bear materially upon the operations of Unitywater and no submission to the Committee is proposed.

We note that the Committee has limited time to provide its report back to the Parliament and has acted promptly to correspond with Unitywater.

It would be beneficial, in our view, if the Committee was able to secure a longer review period from the Parliament so that more than five days could be allocated for contributions to be obtained from interested parties.

Thank you for notifying Unitywater of the opportunity to make a submission in this matter.

Yours sincerely

Antoinette Carley
General Counsel
For Chief Executive Officer

CC: George Theo, CEO
