91	213110		phone call requesting an inspector attend site as two union organisers are on site without giving 24 hrs written notice or displaying their ID's.
92	213127		<p>No stretcher stairs, First aid box on top of the roof next door not accessable from site, no access to power in basement level, access to crane is underwater, powerboards cant be opened. Electrical leads wrapped around steel with water dripping on them, no emergency evacuation plan, no Fire evacuation plan.</p> <p>Union has had numerous complaints from workers regarding unsafe work practices.</p> <p>AC notes this complaint follows from a Union Right of Entry request (see event 213110) today regarding union accessing site without giving 24 hrs written notice or displaying ID.</p>
93	213042		<p>EMAIL - Mon 4/05/2015 7:47 AM</p> <p>Dispute is about whether a requirement imposed by PCBU for union officials to agree to certain conditions of entry by signing a form (copy attached) is reasonable in all of the circumstances.</p>
94	210875		Union Officials have been refused entry to the site & are requesting WHSQ to attend. A phone call was also taken from PCBU that entry permits under section 121 and 117 were too broad & they were refused entry.
95	208930		Complaint from builder about union activity on this worksite. Work has stopped and are asking for WHSQ to visit the site to ensure all is compliant

96	208237		Union organiser entered the construction site in responding to complaints from workers relating to provision of water and gum boots. He claimed his right to enter under Section 81 of WH&S Act. QPS were called and they notified WHSQ Assessment Services.
97	205670		The Site was visited by a Union representatives that morning , however union representatives were not invited or site inducted by PCBU to enter the site safety and were asked to leave. The onsite manager stated that he notified WHSQ and then the Police to have removed off site for trespassing. After having a conversation with a number of workers on site, the police arrived and they were escorted off site. No Safety Issues were mention by the union representatives while on site.
98	205584		RIGHT OF ENTRY ISSUES FROM union
99	204907		The Site was visited by a Union representative that morning and the site closed having workers choosing leave site for reasons not known. The Union representative was not identified however the onsite manager for the PCBU stated that sites on the Gold coast , Ann street City and South point South Brisbane were action by union members to walk off the job in protest to court action by the PCBU. No Safety Issues were brought up on the mention sites.
100	204546		Alleged ROE by union Organiser
101	204290		EMAIL received - Thu 23/10/2014 4:21 PM - Union right of entry dispute
102	204258		EMAIL - Tue 21/10/2014 10:27 AM - notified this morning of an alleged unlawfully entry to <site> by union. Union organiser attend site this morning and made his way to the prestart that was occurring and was instructed to leave site, to which he refused. As union was interrupting the prestart, site management cancelled the prestart and again instructed union to leave site. Union demanded to review OHS documentation. PCBU believed the reason for the union attendances this morning is in relation to a death on an similar site in SA yesterday, where a landscaper gardener was run over and killed by a truck.
103	203960		Phone call received disputing a right of entry notice which was faxed to their office today (not attentioned to PCBU etc) by union. PCBU states the issues listed are general in nature; don't have the sections of the legislation that are breached; and the issues don't actually exist. Issues listed are no emergency exit lights or signs throughout the building. PCBU claims they do have exit signage; the second issue states there are open penetrations on live deck - PCBU states there are no live decks they have been concreted in; and the third issue states scaffold compliance tags are out of test date on all scaffold - PCBU states scaffold tags still have 1 week left on them. The notice is dated for entry tomorrow but PCBU would like to get on top of this notice as he doesn't believe it's valid.
104	203221		Union Right of Entry matter whereby union permit holders have allegedly entered the site unlawfully
105	202782		PCBU requested QPS assitance re: union official entered site illegally.

108	202260		WHS Permit Holder entered the site to look at a suspected safety contravention without providing the appropriate 24 hrs notice of entry
109	201732		see ROE notice in documents section CISR
110	201332		Union Right of Entry dispute at construction site located at Toowoomba
111	200647		Unorthorised entry by 3 entry permit holders, when asked for IDs and names, refused to give surnames
112	201184		Union Right of Entry Dispute attended site located for alleged health and safety contraventions
113	201199		Union right of entry complaint - not providing 24 hrs notice of intended entry of construction site
114	201186		Union Right of Entry dispute at construction site.

115	200544	It was alleged that two union entered the construction site without permission, and refused to leave site when requested to do so. PCBU did not received any notices regarding this entry. PCBU contacted the QPS who attended and obtained details from the union organisers and asked them to leave site. Both departed the site and soon after an off-site meeting was held with about 80 workers and the two organisers. The workers then packed up tools and left the site. Some workers advised PCBU that the stop work (alleged unlawful industrial action) was due to PCBU contacting the QPS.
116	200500	Alledged illegal right of entry by WHS entry permit holder.
117	201232	Inspector attended re: union organiser has walked onto the site without any notice and no right of entry permit.
