Dear Sir / Madam

Inquiry into the *Work Health and Safety and Other Legislation Amendment Bill 2015*

The Queensland Major Contractors Association (QMCA) would like to take this opportunity to provide comment on the *Work Health and Safety and Other Legislation Amendment Bill 2015*.

The QMCA is the construction industry peak body representing QLD's leading construction contracting companies. The Association is dedicated to making the construction industry safer, more efficient, more competitive and better able to contribute to the development of QLD and Australia. QMCA's current membership includes 12 of the top-performing construction companies in QLD, that together account for approximately 60-70% of the construction and civil engineering project work undertaken in the State.

Rather than lodge a separate submission, the QMCA has chosen to support the existing submission and documentation already provided to you by The Australian Industry Group (Ai Group) as the sentiments expressed also closely reflect views of the QMCA.

I have attached a copy of the original Ai Group correspondence for reference.

The QMCA would also welcome the opportunity for any ongoing participation in future matters which impact the construction industry.

Yours sincerely

FERNANDO FAJARDO
Acting President
Queensland Major Contractors Association
