As a sex worker myself I would like to have a safe and health workplace , I would like to be able to work with another person and not be alone their for I would like the upcoming Decrim bill to protect sex workers by amending the Anti-Discrimination Act to: Ensure equal treatment by accommodation providers and employers; Punish discrimination or unfavourable treatment of current and former sexworkers, our families and associates.: Equal treatment by Local Councils; Workplace Health & Safety (WHS) guidelines developed for all sex workworkplaces, including provision and use of condoms; Sex workers will be able to report WHS concerns directly to the regulator.General criminal laws that apply to everyone will still apply to the sex industry.
