Dear Chair,

I write to you as a worker, unionist and queer woman to indicate my strong support for the Decriminalisation Bill, including the repeal of the Prostitution Licensing Act, repeal of all sex work specific criminal laws, and critically the provisions for sex workers being able to work together for safety and peer support.

There's no real reason I can see for these changes to be delayed and a real risk that Queenslanders experience significant harm every day the Bill isn't in place.

Thanks for your time and best of luck in making this important decision.

Erin Campbell
