Submitter Comments:

I support the rights of tenants who are extremely vulnerable, especially in the current market and have held very little power or control over and within their homes. I strongly support limits being imposed on rental increases. There is a need to provide people with a degree of certainty in relation to the price of rent & other related charges also. I think a code of code is a much-needed addition in Queensland and such a code should come with teeth, providing meaningful consequence to unethical real estate agents. More should be done to allow renter to retain rights and dignity as tenants.
