Subject: Abortion bill
Date: Friday, 31 August 2018 3:37:23 PM

Dear members of the committee,

I strongly oppose the abortion bill , these are my reasons for doing so,

A- abortion is murder at whatever stage its carried out.

B-Doctors should not have to be put in the position of having to kill a child, that is murder.

C-Abortion by gender selection can mean in decades to come that there is an imbalance of male and female.

D-I cannot believe that a woman would carry a child to nearly full term and than decide at the last minute that she doesn,t want it.

E-There are families out there desperate to have a child and cannot, why not let them adopt these babies.

F- My husband (Anglican priest) and I have ministered to countless women to have had abortions and had them scream on the floor when they realised that they had killed their child. The phychological scars women carry after abortion stays with them and ruins their life.

Thank you for reading my submission, please carefullu consider the consequences of this bill,
Johanna

Geoghegan,
