To the committee,
Please please please don't let this Bill go through.

How can abortion not be the termination of life? It makes no sense! As soon as I was pregnant I knew I had a living person growing in me.

If a person injures a pregnant woman and her unborn baby is killed, it's called murder and they are charged as such.

It's absurd to think that abortion is not murder at any stage of pregnancy!

My husband and I have a gorgeous 32yr old daughter with Down Syndrome. Her name is Joselyn. I won't ever understand why anyone would want to terminate her life because she was born with an extra chromosome.

Jos absolutely loves life and people! She has a heart of gold! She wouldn't hurt anyone and she makes a lot of people happy. She has taught us all so much about life! Why would we not want that?

What is life all about? Who do we think we are to make such laws?

I was 23yrs old when I gave birth to Jos. So young but having Jos join our family was such a wonderful gift.

We then had two boys. They love Jos and stir her as any brother does his sister.

We can't imagine life without her! I feel so sorry for people who choose to terminate their own flesh and blood.

Thank you for taking the time to listen to my heart.

Regards

Deb Evans
