- > Dear Qld Government
- >
- > The life of a human being starts at conception and termination of this life is murder of a defenceless one without a voice.
- >
- > Allowing abortion freely up to 22 weeks and then past 22 weeks with very limited or no options/ongoing care given to women is a complete disaster.
- >
- > The future emotional, mental health of the woman terminating needs to be supported. Women suffer for the rest of their lives after an abortion. Many will have more than 1.
- >
- > To make abortion a free option in hospitals will cause massive issues in the lives of these women and these issues will be carried into families and communities and life forever.
- >
- > Please do not allow this to happen.
- >
- > Please allow counsellors to speak to these women to help them with their decision.
- >
- > Adoption is a great thing!!!!!!!!!!!!
- >
- > I trust you will consider these requests.

- > Regards
