Dear Sir/Madam,

I write in relation to the proposed bill which was recently tabled by Yvette D'ATH in parliament.

I ask you to carefully consider this legislation, in light of the fact that in order to be reading this you are a living person. As I am, writing this email to you.

I do not believe that any person has the right to take your life from you. As I also do not believe any person has the right to take my life from me.

Life is a fundamental right that should not be taken for granted. The price of freedom is eternal vigilance.

I do not believe that a mother should have the right to terminate a pregnancy, unless it is to save the mother's life.

Invariably, any decision to terminate a pregnancy is based on an excuse. Be it the child is wrong sex (discrimination), be it the child is disabled (discrimination), be it the child is inconvenient (no words suffice).

A proposal to allow unborn children to be treated less than dogs threatens to weaken us all.

Please consider this bill and reject this bill in its entirety.

Regards

Morris Cottrell
