Dear Sirs/Madams

I am writing in relation to the proposed Bill to change the abortion Law of Queensland and wish to protest in the strongest manner that this is pure Evil.

I ask that you ask yourself “what if my Mother had taken this action”??

Every foetus has the right to life. Who are we to change this?

I am not going to write any more on this issue as I am flabbergasted that anyone would even consider such an evil deed. Ah but then the evil that men do lives after them!!

Yours sincerely

Suzanne Pfister
